## PERSONAL STATEMENT

Enthusiastic and quick-learning B. Tech student with hands-on experience in data science, machine learning, and Gen AI. Skilled in Python, statistics, NLP, and deep learning. Eager to contribute to a data-driven team, grow as a data scientist, and build innovative AI solutions.

## EDUCATION

|                                                                       |                          |
|-----------------------------------------------------------------------|--------------------------|
| <b>Bachelor Of Technology, Computer Science Engineering (6.5CGPA)</b> | 2027                     |
| <i>Parul Institute of Technology</i>                                  | Vadodara, Gujarat        |
| <b>Higher Secondary Certificate: PCM (52.8%)</b>                      | 2023                     |
| <i>Sarswati Shishumandir, Pakkibaag School</i>                        | Gorakhpur, Uttar Pradesh |

## TECHNICAL SKILLS

### Programming Languages

- Python, SQL, Data Cleaning & Preprocessing, Exploratory Data Analysis (EDA) ,Machine Learning, Statistical Analysis, Data Visualization, Predictive Modelling

### Libraries & Frameworks

- Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn

### Databases & Tools

- MySQL, PostgreSQL, MongoDB, Power BI, Tableau, Excel, Git & GitHub, Jupyter Notebook

## HOBBIES

Coding, Reading Tech Blogs, Learning New Technologies, Online Problem Solving

## CERTIFICATION

|                                                 |                   |
|-------------------------------------------------|-------------------|
| <b>A Complete Guide to Finance using Python</b> | 24/09/2024        |
| <i>Infosys</i>                                  | Vadodara, Gujarat |
| <b>Website Development</b>                      | 18/12/2024        |
| <i>Infosys</i>                                  |                   |

## STRENGTHS

Quick learner, Problem-solving ability, Teamwork & communication
